

I'm a *PERSONABLE* leader.

To me, being a leader means truly getting to know everyone you are working with, as individuals. Being personally invested and forming a relationship with those we work with allows us to serve them and their needs more efficiently, and more importantly—with a warm and genuine heart. As Chapter President of Alpha Delta Pi, a member of the Honors Program, and a student leader on the Vice President of Student Affairs' Advisory Committee, I am always interested in how I can make a difference in a person's life. I want to understand each individual and help even just one person, with the hope that it will spark an endless chain of kindness and consideration.
