Recommended Minimum Sanctions for Alcohol and Other Drug Violations

These are recommended minimum sanctions for alcohol and other drug violations for students at Illinois State University. The purpose of sanctioning is to educate a student as to why their behavior is inappropriate, as well as to make the student aware of, and sensitive to, the possible consequences of the behavior in question. Sanctions for misconduct will be determined on a case by case basis, utilizing four main criteria: 1) the nature of the offense; 2) the precedent established at the University for similar conduct; 3) the disciplinary record of the student; and, 4) the student's attitude and behavior throughout the conduct process. Sanctions may be increased based on the nature of the behavior and/or aggravating factors but may not be reduced unless the case manager or hearing body finds adequate mitigating factors present. The University encourages students to make healthy and responsible choices, as well as to adhere to the Code of Student Conduct, federal, state, and local laws. Be advised that the University asserts jurisdiction for all off-campus cases involving the possession, use, manufacture and/or distribution of alcohol and other drugs.

OTHER CONSIDERATIONS IN SANCTIONING ALCOHOL AND DRUG CASES

Addendum #1: Sanctioning is a cumulative process. Students with multiple violations across categories will generally be subject to greater levels of sanctioning. All sanctions will include the assignment of an inactive sanction (Censure, Disciplinary Probation, Restrictive Disciplinary Probation, Disciplinary Suspension, and Disciplinary Dismissal) as well as the assignment of one or more active (educational) sanctions.

Addendum #2: Many sanctions will require the completion of a written reflection assignment and/or other written components, even when not explicitly stated in the above chart.

Addendum #3: Violations of multiple categories in any single disciplinary incident may result in maximum sanctions.

Addendum #4: When a student is sanctioned with Restrictive Disciplinary Probation, Disciplinary Suspension, or a Disciplinary Dismissal, or Disciplinary Probation of more than one semester, a Parental Notification will be issued if the student is under 21 years of age and financially dependent.

Addendum #5: Any student accruing four or more violations during their academic career shall have fines imposed in the amount of \$100.00 per incident resulting in violations.

Addendum #6: AOD fines will not be assessed for alcohol and drug violations referred from off-campus law enforcement agencies (i.e. Normal Police Department, Bloomington Police Department, McLean County Sheriff's Office, etc.), but all other sanctions will be applied.

Addendum #7: All SCCR issued fines and fees will be automatically billed to the student's account.
