**If you are not receiving it, make sure that your information is up to date in Redbird Life and you’ve accepted your role for the organization.

Hello Redbirds! We are excited to start the semester and cannot wait to see all the amazing things you will do! The Student Activities office is excited to work with you this year and continue to support our amazing student organizations.

Policies and Procedures
The University will continue to follow the most up-to-date health and safety guidance and will make adjustments accordingly when necessary.

For Fall 2021, RSOs will be able to:

- Resume meetings, programs, and events in-person. RSOs will also be able to reserve classroom space through appropriate scheduling channels.
- Recruit RSO members at Festival ISU in-person. The event is planned to occur over several days to create lower density events targeting different RSO clusters on each day.
- Register events with alcohol.
- Utilize non-prepackaged food. RSOs will still need to submit necessary paperwork for a temporary food permit.

For more information, visit the Fall 2021: Return to a More Traditional College Experience website.

RSO Travel
Travel by Independent Registered Student Organizations is not considered University-sponsored travel. However, Independent RSOs should be aware that restrictions on the use of University fleet vehicles may impact their ability to travel.

Code of Conduct
Interim Actions for Student Organizations

The University reserves the right to impose an interim disciplinary suspension on a registered student organization when the interim action is needed to:

a) Ensure the safety and well-being of members of the University community or preservation of University property; and/or

b) Alleviate a threat that a student organization poses to the disruption of or interference with the normal operations of the University.

The Vice President for Student Affairs (VPSA) or their designee shall be responsible for the determination of interim suspensions and any other interim restrictions, including but not limited to activity restrictions, restrictions from contacting specific individuals and/or restrictions from specific University locations. During an interim suspension, a student organization may not engage in any organized activities.

Complete Code of Student Conduct available at http://deanofstudents.illinoisstate.edu/conflict/conduct/code/
The Code and the student conduct process shall apply to the academic and social conduct of individual students, both undergraduate and graduate, and all Registered Student Organizations.

Students who are members of registered student organizations may be subject to jurisdiction both as an individual student and as a member of the student organization.

The Code applies to behaviors that take place on-campus, at University sponsored events and activities, in online or hybrid courses connected to Illinois State University, and off-campus, when the off campus behavior impacts University interests. Students attending a function as a representative of the University (including, but not limited to, students on academic or athletic teams, students involved in internships, and students participating in exchange or study abroad programs) are subject to the Code.

The Code may be applied to behavior conducted online, via email, text messages, or other electronic medium. Students should be aware that online postings such as social media sites, blogs, web posting, and chat rooms are in the public sphere and are not private. Action may be taken for online activity when the behavior violates the Code.
Violations include such behavior as:

a) Engaging in any act that endangers the mental, emotional, or physical health or safety of a student for the purpose of initiation into, affiliation with, or continued membership in any group, organization, or team whose members are or include students of Illinois State University.

b) Engaging in any act where an individual is encouraged to engage in conduct of an unbecoming or humiliating nature, or which in any way detracts from an individual’s academic pursuits for the purpose of initiation into, affiliation with, or continued membership in any group, organization, or team whose members are or include students of Illinois State University.

c) Engaging in any acts such as paddling (using a paddle to strike another individual), physical punishments, creating excessive fatigue, work sessions, physical or emotional shock, wearing apparel which is conspicuous and not in good taste, public stunts, morally degrading or humiliating games or events, of that encourage the illegal and/or abusive use of alcohol and/or other drugs.

d) Failing to prevent, and/or failing to discourage, and/or failing to report known acts of hazing as a member of an organization participating in such activities when these activities are known to be taking place, or where it should be reasonably known that such activities are taking place.

For the purpose of this policy, hazing includes any activity that is inconsistent with regulations or policies of Illinois State University or the laws of the State of Illinois for the purpose of initiation into, affiliation with, or continued membership in any group, organization, or team whose members are or include students of Illinois State University. Acts of this nature are considered to be hazing whether or not a person willingly participates in such activities.
Illinois State Law on Hazing: Statue 12C-50

1) A person commits hazing when he or she knowingly performs an act, or causes a situation, that recklessly or intentionally subjects a student or other person in a school, college, university, or other educational institution of this State, to the risk of bodily harm for the purpose of induction or admission into any group, organization, or society associated or connected with that institution, if: (1) the act or situation is not sanctioned or authorized by that educational institution; and (2) the act results in bodily harm to any person.
What To Do in the Case of Hazing or Potential Hazing:

1) If you are unsure if what your organization is doing is hazing, ask the Student Activities Office to review the situation. Consider what value is added to your organization/event through the activity?

2) If you believe there is hazing happening in your group, report it to Student Conduct and Community Responsibilities at:
