EVENTS WITH ALCOHOL PROCEDURES
FOR SPONSORED REGISTERED STUDENT ORGANIZATIONS
Dean of Students Office, Illinois State University

All sponsored registered student organizations MUST register social events involving alcohol with the Dean of Students Office. The registration form will be shared with the RSO advisor and sponsoring campus department.

General Information

- Organizations will abide by federal and state law, local ordinances, University policies, and umbrella/national/international organization requirements (if applicable) to host an event with alcohol.
- The Code of Student Conduct is in effect for all student organization events regardless of event location.
- Sponsored RSOs, through the sponsoring department, must follow University policy and procedures to host an event with alcohol (https://policy.illinoisstate.edu/health-safety/5-1-20.shtml).
  - The sponsoring department is responsible for approving the event, ensuring the RSO is following the risk management requirements included in these procedures, and the collection and retention of all documentation related to the event.
- RSOs may not host events with alcohol in University controlled buildings. If an RSO is interested in hosting an event with alcohol for their alumni on campus, they must work with Alumni Engagement in coordinating the event. The Office of Alumni Engagement will seek appropriate approval for the event.
- RSO events with alcohol registration form and required supporting documentation will be submitted through Redbird Life.
- The Dean of Students Office retains final authority for determining whether an event should be registered.

Definition of an Event with Alcohol (requires registration)

An event with alcohol is defined as any social/recognition event, program, or activity that involves the consumption of alcohol by attendees and includes any of the following elements:

- The event is communicated verbally, electronically, or by other means in advance of the event and invites members, non-members, and/or alumni to the event.
- The event includes live, televised, and/or recorded entertainment.
- Tickets are sold for the event.
- Prepayments or reservations are made for the event.
- Space is reserved (on or off campus) for the event.

Examples of events involving alcohol that must be registered include but are not limited to:

- Tailgates
- Parties, formals, and semi-formals
- Fundraisers
- Activities that highlight organizational achievements/anniversaries and/or the achievement of individual members for accomplishments within their organizational roles.
This definition is not intended to eliminate spontaneous, informal social activities involving alcohol that do not evolve into social events. However, members of registered student organizations must be aware when the activity crosses the threshold into an event that should have been registered, they must either:

1) Register the event;
2) Take steps to prevent the event from taking place if registration cannot occur; or
3) Shut down the event if it is already in progress.

Event registration is required if any of these conditions exist:
- The event is being held on property belonging to or being leased or rented by the registered student organization and/or individual members of the organization.
- The event has been planned through organizational meeting time, by officers of the organization acting in their role, and/or by communicating the event via calendar, email, social media, text messages, or any other means.
- Organizational funds are being used to pay costs associated with the event.
- The event is taking place in proximity (time and/or space) to an organizational event.
- Another organization (registered or unregistered, not just individual members) are invited to attend.
- An impartial third party could perceive the event as a planned organizational event.

Types of Events
- **Third Party Venues/Vendors** are events held at hotels, restaurants, bars, etc. where the alcohol is supplied by the venue or vendor.
- **Bar Crawls** are prohibited due to the extremely high-risk nature of these types of events.

**RSO Requirements for Conducting Events Involving Alcohol**

A. The student organization must be in good disciplinary standing (both at the time of registration and at the time of the event) as defined by the Dean of Students Office.
   a. Student organizations who are on disciplinary probation, restrictive disciplinary probation, or suspension cannot host an event with alcohol.
   b. A student organization currently under investigation or has received a Code of Student Conduct violation charge by Student Conduct and Community Responsibilities cannot host an event with alcohol.

B. The organization must be in good standing with their umbrella/national/international organization (if applicable).
   a. A student organization that has received an allegation of charges and/or sanction charges from their umbrella/ national/ international organization, cannot host an event with alcohol.

C. The organization must be in compliance with organizational registration requirements (both at the time of registration and at the time of the event) as defined by the Dean of Students Office.

**Specific Requirements for Sponsored RSOs**

1. Sponsored RSO events with alcohol are limited to third-party venues and tailgates at the ISU campus.
2. The RSO advisor or faculty/staff representative of the sponsoring department must be present for the entire event.
3. A valid certificate of insurance from the concession operator, vendor, or caterer must be submitted to University Risk Management for review prior to the signing of the event contract.
4. Common transportation, such as a bus, must be provided if the venue is not within walking distance of campus.

Procedures for Conducting Events Involving Alcohol
1. Discuss the event with the RSO advisor and/or department leadership to determine if serving alcohol at the event is appropriate.
2. Register the event with the umbrella/national/international organization associated with the RSO (if applicable).
3. Register the event with the Dean of Students Office on Redbird Life.
4. Follow University policy and the Dean of Students Office procedures with the RSO advisor (if sponsored RSO).
5. Meet with the appropriate Dean of Students Office staff to discuss risk management plans prior to the event (independent RSOs).
